A trailblazing approach to choosing executives who both match the needs and fit the cultures of the organizations they will lead Leadership failures damage or even destroy companies every day. To reduce the costs of leadership failure, the author has developed a revolutionary process for selecting executives based on his years of consulting for some of America's largest corporations. The Right Leader details this new approach and how it eliminates the leadership failures that plague so many companies around the world today. When executives don't address the right needs, or can't lead the organization because of a poor fit with the corporation's cultures, the company loses competitive advantage, talented people, and momentum. The Right Leader introduces the revolutionary Match-Fit Model and explains how it reduces the risks and costs of executive failure by changing the factors that are considered and by taking into account the cultural dynamics at play in any organization. Nat Stoddard (New York, NY) is Chairman of Crenshaw Associates, a New York-based consulting firm specializing in career and transition management for senior executives. Claire Wyckoff (New York, NY) is an accomplished writer and editor, who has held executive positions in both the corporate and nonprofit sectors.

An acclaimed investigative journalist explores ethical hacking and presents a reader-friendly, informative guide to everything there is to know about entering the field of cybersecurity. It's impossible to ignore the critical role cybersecurity plays within our society, politics, and the global order. In Becoming an Ethical Hacker, investigative reporter Gary Rivlin offers an easy-to-digest primer on what white hat hacking is, how it began, and where it's going, while providing vivid case studies illustrating how to become one of these "white hats" who specializes in ensuring the security of an organization's information systems. He shows how companies pay these specialists to break into their protected systems and networks to test and assess their security. Readers will learn how these white hats use their skills to improve security by exposing vulnerabilities before malicious hackers can detect and exploit them. Weaving practical how-to advice with inspiring case studies, Rivlin provides concrete, practical steps anyone can take to pursue a career in the growing field of cybersecurity.

Praise for HIRING FOR ATTITUDE "Success in business starts with finding great talent that will thrive within your company culture. Hiring for Attitude combines valuable insights with relatable examples, giving you the tools to recruit the right talent for your organization and reduce your risk of mishires." —BRENT RASMUSSEN, President of CareerBuilder North America "Caesars brings our brands to life through the attitude of our team members. In Hiring for Attitude, Mark Murphy combines the science of selecting for attitude with the wisdom of how to apply it to your business. The tools in this book are clever and unique and will immediately enhance your culture. Attitude is the new front in the war for talent, and this book positions you to win." —TERRY BYRNES, Vice President of Total Service, Caesars Entertainment "In the global high-tech world, attitude is critical. But how do you discover whether someone is both technically brilliant and a perfect fit with your culture? Moving way beyond standard hiring approaches, Hiring for Attitude has deepened our talent pool, shown us how to discover untapped talent, reduced the risk of hiring the wrong person, and cut turnover substantially." —MITCH LITTLE, Vice President of Worldwide Sales and Applications, Microchip "Who's getting hired this year? People with great attitudes who can fit a particular culture. But traditional hiring approaches don't help you discover who is (and isn't) the perfect fit. Hiring for Attitude will reveal exactly what attitudes you need to succeed. Whether you're hiring from outside, or choosing the right internal people for a new project, this book gives you unparalleled insight into people's attitudes." —SAM HOLTZMAN, President and CEO, LifeGift About the Book: In a recent groundbreaking study, the training firm Leadership IQ found that 46 percent of all new hires fail within their first 18 months. But here's the real shocker: 89 percent fail for attitudinal reasons—not skills. Most hiring managers are getting it wrong. Of course skills are important, but a particular skill set is about the easiest thing to test in an interview. Although much harder to recognize, attitude should be your number-one focus during the hiring process. Don't suffer from poor chemistry—even one employee with the wrong attitude could cause years of suffering for your other employees and customers. Whether you're hiring new employees, choosing existing employees for a new team, or upgrading your current talent pool, you need people with the right attitude! Attitude is what makes employees give 100 percent effort and turns customers into raving fans. Attitude sets your company apart from the competition. In Hiring for Attitude, top leadership strategist Mark Murphy shows you: The five biggest reasons why new hires fail Two quick and easy tests to discover the attitudinal characteristics that you need for your unique culture The five-part interview question that gets candidates to reveal the truth about what their last boss really thinks of them Where great companies really find their best candidates The six words most interviewers add to the end of behavioral interview questions that destroy their effectiveness Hiring for Attitude includes case studies from Microchip, Southwest Airlines, The Ritz-Carlton, Google, and other companies that drive great results by hiring for attitude. Whether your company is small or big, highly social or hyper-competitive, fl at or hierarchical, every person on your payroll has to fit your culture. You can't afford to hire blind. You need to be Hiring for Attitude.

Intended for the introductory communication concepts course, this text focuses on the principles and contexts of communication studies. The award-winning authors link theory and research with fundamental concepts and create plentiful opportunities for students to apply their understanding and develop useful communication skills. Their exposition is seasoned with intriguing case studies and stimulating examples drawn from contemporary life. In addition, Tubbs and Moss show a true sensitivity to diversity—a reflection of their professional interests in gender and cultural issues.
