First published in 1921 and in print ever since, "A Diplomat in Japan" is the best eyewitness account of the turmoil that engulfed Japan in the run-up to the 1868 Meiji Restoration. Satow's real strength is as an observer and participant in the history of Japan at the time; his superb language skills allowing him to meet and befriend many of the key players in this restoration drama.

A 1921 account of the Meiji Restoration by a British diplomat who was stationed in Japan at the time.

PUBLISHED BY EUREKA PRESS, TOKYO, AND DISTRIBUTED BY ROUTLEDGE OUTSIDE JAPAN. The scholar and diplomat Sir Ernest Satow was the best-known Westerner who lived in Meiji Japan. Although he rose to become British Minister to Japan, the most interesting part of his career was the start of it, when he witnessed, and in a small way influenced, the fall of the bakufu and the Meiji Restoration. He wrote an account of this in a memoir called *A Diplomat in Japan in 1921*, which was based on the diaries transcribed in this volume. These diaries, hitherto unpublished, reveal the original material from which he crafted his memoir, as well as the material (about one-third of the diaries in total) he omitted. In various respects, the memoir is a sanitized account, written partly in Bangkok in the 1880s, and completed in retirement at the urging of younger relatives. In *A Diplomat in Japan*, Satow comes across as an assured young statesman, who, with his excellent Japanese and ability to make contact

with the key players, was able to perceive the direction that the turbulent and confused events he witnessed was taking. In the diaries, he is a little less assured and not quite so percipient and interspersed with tales of meeting the likes of Saig Takamori and Sakamoto Ryma, are stories such as that of the paternity claim against him by a Japanese woman in Nagasaki. The part of the diaries relating to Satow's stay in China (Shanghai and Peking from January to August 1862) has never before been transcribed or published, and is the most interesting part on a human level. It was an environment in which Satow, aged just 18, was forced to grow up fast, and we see him and his fellow student interpreters behaving badly on numerous occasions. Yet we also see the breadth of his intellect in the books he was reading and his informed interest in everything he saw around him. The editors have added extensive annotations and explanations to these diaries, making this book an indispensable reference work for students of bakumatsu Japan, and indeed anybody who wants to understand the story of how a very young, very clever, but rather awkward Englishman could have penetrated the very highest levels of the Japanese hierarchy to witness the transformation of the country from a feudal, inward-looking society to one that would become a major industrialized power to shock the world.

These are the edited (i.e. transcribed, annotated and indexed) diaries of Sir Ernest Satow (1843-1929) for the six years from the time when he left Japan early in 1883, through his time as Agent and Consul-General and subsequent promotion to Minister Resident at Bangkok,

until his return to London and his request in December 1887 for another posting on health grounds. The period includes his visits to Japan (officially for rest and recuperation) in 1884 and 1886, and to Paris, Rome and Lisbon for research into the Jesuits in Japan conducted early in 1888, and the confirmation of his appointment to Montevideo in October of that year. Throughout the period his ultimate goal was promotion to Minister in Japan, which he achieved in 1895. The original diaries are in the National Archives (UK). Published for the first time on lulu.com.
