A shocking truth lies within the pages of an ancient library, locked inside a high-security complex deep beneath the Nevada desert. And the US government will stop at nothing to keep it classified. But now a shadowy group of ex-employees want the world to know - however terrifying the disclosure might prove to be. And when a single volume missing from the original collection mysteriously surfaces at a London auction house, they persuade former FBI agent Will Piper to help them obtain it and unlock the ultimate secret of the library, once and for all. Book of Souls picks up the action where the international sensation Library of the Dead left off. Will Piper's life has been forever changed by the astonishing secret he discovered at the government's clandestine installation deep under the Nevada desert. His uneasy retirement from the FBI is interrupted when a long-missing book surfaces at an auction house in London. A group of ex-Area 51 employees recruits Will to assist them in obtaining the book and in helping them solve a mystery that will affect the fate of all mankind. As government operatives try to stop him, Will discovers that the ancient missing volume has had a profound effect on history. Remarkably, a newly found puzzle sonnet by a young William Shakespeare seems to have been inspired by the book. As Will peels back the onion to solve a series of clues hidden in the poem, he finds the book influenced not only Shakespeare but also the religious philosophy of John Calvin, the father of predestination, and the prophesies of the seer Nostradamus. When the final clue yields the ultimate secret, Will is forced to confront a truth that humanity may not be prepared to accept.
