This popular casebook, through the selection of classic and modern cases, provides an excellent tool for teaching students the common law foundations of the criminal law and modern statutory reform, including the Model Penal Code. Along the way, the casebook considers modern controversies (e.g., "shaming" punishment, rape law, self-defense by battered women, euthanasia, the role of culture in determining culpability), and creatively uses literature (e.g., examining insanity through Edgar Allen Poe's The-Tell Tale Heart) and even "brain teasers" to confront (as the Preface states) "the Big Questions . . . that philosophers, theologians, scientists, and poets, as well as

lawyers, have grappled with for centuries." Professor Stephen Garvey (Cornell) joins the casebook beginning with this new edition. The Sixth Edition, as in the past, includes some new cases, as well as updates in the notes that bring current issues of criminal law to the fore.

This comprehensive and clearly written Understanding treatise is frequently cited by scholars and courts in their analysis of substantive criminal law, and has been a popular source of assistance to criminal law students for the past quarter century. Understanding Criminal Law is designed to be taught in conjunction with any casebook. The topics covered are those most often raised in criminal law casebooks, and coverage of these subjects is meant to complement professors' classroom discussions. The text focuses on the basic elements of, and defenses to, all crimes; provides in-depth coverage of such crimes as homicide, rape, and theft; and covers other important topics covered in the Criminal Law course, such as accomplice and inchoate liability. Understanding Criminal Law also covers theories of punishment, sources of the criminal law, and overarching principles such as legality and proportionality. The

common law is emphasized with extensive comparisons to the Model Penal Code and modern statutes. This edition offers the most significant updating ever, including coverage of quickly-changing legal areas, such as sexual assault and self-defense law. Recent and ongoing revisions to the Model Penal Code are also covered.

After your casebook, a Casenote Legal Brief is your most important reference source for the entire semester. The series is trusted for its expert summary of the principal cases in your casebook. Its proven reliability makes Casenote Legal Briefs the most popular case brief series available. With more than 100 titles keyed to the current editions of major casebooks, you know you can find the help you need. The brief for each case saves you time and helps you retain important issues. Each brief has a succinct statement of the rule of law/black letter law, description of the facts, and important points of the holding and decision. Quicknotes are short definitions of the legal terms used at the end of each brief. Use the Glossary in the end of your text to define common Latin legal terms. Such an overview, combined with case analysis, helps broaden your understanding and supports you in classroom discussion. Each title is keyed to the

current edition of a specific casebook; it is your trusted guide to the text throughout the semester. The brief for each principal case in the casebook saves you time and helps you retain important issues. Each brief has a succinct statement of the rule of law/black letter law, description of the facts, important points of the holding and decision, and concurrences and dissents included in the casebook excerpt. This overview is combined with a short analysis: all to help you broaden your understanding and support you in classroom discussion. Quicknotes at end of each brief give you short definitions of the legal terms used. A handy Glossary of common Latin words and phrases is included in every Casenote. Detailed instruction on how to brief a case is provided for you. A free Quick Course Outline accompanies all Casenote Legal Briefs in these course areas: Civil Procedure, Constitutional Law, Contracts, Criminal Law, Criminal Procedure, Evidence, Property, and Torts.

This softcover book contains a complete, unchanged reprint of Chapters 1-10 and Chapter 14 of Dressler, Thomas, and Medwed's Criminal Procedure: Principles, Policies, and Perspectives, Seventh Edition. Please see that description for more about the style and approach of the book.

High Court Case Summaries on Evidence contains well-prepared briefs for each major case in Fisher's casebook on evidence, 2nd. High Court briefs are written to present the essential facts, issue, decision and rationale for each case in a clear, concise manner. While prepared briefs can never substitute for the insight gained by actually reading a case, these briefs will help readers to identify, understand, and absorb the core "take away" knowledge from each case. Moreover, these briefs are followed by a useful legal analysis, which provides extra tips and contextual background about each case, connecting the case to the broader concepts being developed throughout the casebook. This book also supplies case vocabulary, which defines new or unusual legal words found throughout the cases. Finally, to enhance the reader's recall, there is a corresponding memory graphic for each brief that portrays an entertaining visual representation of the relevant facts or law of the case.

For nearly fifteen years, *Criminal Procedure: Principles, Policies and Perspectives* (and their softcover versions, *Criminal Procedure: Investigating Crime* and *Criminal Procedure: Prosecuting Crime*), written by Joshua Dressler and George C. Thomas III, have sought to inspire students to analyze and critique constitutional and non-constitutional criminal procedure doctrine. The book features careful

## Read Free Criminal Law Casebook Dressler 6th Edition

case selection and editing that includes dissenting and concurring opinions when useful in understanding the law. The Fifth Edition covers the recent changes in constitutional law, including in the Fourth Amendment (e.g., "search" law; broader warrant exceptions; and the recent narrowing of the exclusionary rule); interrogation law (e.g., changes in *Miranda v. Arizona* and in the sixth amendment right to counsel that make it easier for police to interrogate suspects and defendants); pretrial identification of suspects, and the confrontation clause. As in the past, the casebook includes "in the trenches" material, designed to give students an idea of what life is like inside the squad car, the interrogation room, and the courtroom.

This softcover book contains a complete, unchanged reprint of Chapter 1 and Chapters 11-19 of Dressler and Thomas' *Criminal Procedure: Principles, Policies and Perspectives*, Third Edition. Please see that description for more about the style and approach of this book. The pagination is the same in this softcover book as it is in the hardcover version

For two decades, *Criminal Procedure: Principles, Policies, and Perspectives* (and its softcover versions, *Criminal Procedure: Investigating Crime* and *Criminal Procedure: Prosecuting Crime*),

## Read Free Criminal Law Casebook Dressler 6th Edition

written by Joshua Dressler, George C. Thomas III and now also Daniel S. Medwed, has sought to inspire students to analyze and critique constitutional and non-constitutional criminal procedure doctrine. The book features careful case selection and editing that includes dissenting and concurring opinions when useful in understanding the law. The Notes and Questions are uniformly thoughtful and sometimes even humorous. The Seventh Edition includes most of the cases and material that users have told us were successful in the past. The book continues to include "in the trenches" material that gives students an idea of what life is like inside the squad car, the interrogation room, and the courtroom. We have added new material: A new section, "America the Violent," which includes material about the role that violence has always played in our country. By popular demand, the return of an "old faithful" case, *Warden v. Hayden* (on the exigency exception to the warrant "requirement") *Carpenter v. United States*, the critically important case on police access to historical cell phone records, a case which calls into question some prior "search" cases. New Notes on other Fourth Amendment decisions since the prior edition on such matters as warrantless blood tests on unconscious motorists, warrantless searches of cars found in the curtilages of a home, and a case holding that a driver who is not the renter of a rental car may have standing to challenge a police search even though

## Read Free Criminal Law Casebook Dressler 6th Edition

the renter was not in the vehicle A new section on Miranda waivers and their consequences In the Pretrial Release chapter, we have augmented the Notes to include important state-level developments in bail reform In the Case Screening chapter, we added new Notes to address recent changes in charging practices, including discussion of a growing movement by progressive county prosecutors to decline to charge certain categories of crimes, a trend that raises a number of questions about discretion, separation of powers, and intra-state disparities Discussion of how "big data" may have an impact on jury selection In the Trial chapter, new material on jury nullification and recent Supreme Court post-Batson cases Updated material throughout the book on the effects of racial and gender discrimination on the justice system
