Engineering Admission 2020 Paper

Diploma in Computer Applications is a one-year diploma program that aims to make students study computer applications in depth in a shorter period of time. The DCA program imparts scientific, practical and technical knowledge to its learners about various computer tools that are used in day to day life.

DCA (Diploma in Computer Application) Course Details ...

The number of careers that a person can enter into after having earned a computer science diploma is almost as large as the number of technological fields. Students with a diploma in computer science are qualified to fill positions such as hardware engineer, systems analyst, database administrator, software developer, network architect and many more.

MSBTE Syllabus | All Semesters

The Diploma in Computer Science was a taught postgraduate conversion course intended for graduates of Mathematics, Natural Science or Engineering who want to become computer professionals. It was not aimed for those who want a data processing qualification in order to write programs in a business setting: important topics in, for example, systems analysis for such applications were not dealt with.
