Making, 9th Edition provides a simple and practical introduction to
financial accounting. This resource explains the concepts students
need to know, while also emphasizing the importance of decision
making.

Financial Accounting: Tools for Business Decision Making ...
The authors believe that most faculty take more time with the
accounting cycle, but other financial accounting textbooks don't. By
slowing down the introduction of transactions and giving students time
to practice and gain mastery, this building-block approach leads to
greater student success in their study of later topics in financial ...

with WileyPLUS (access to WileyPLUS is not included with this textbook) because we make learning accounting easy and accessible for today's different types of learners. Written in a concise, clear, and conversation way, Kimmel Financial Accounting provides just the right amount of information students need to come to class prepared, while powerful visuals and Interactive Tutorials make complex accounting concepts possible to absorb quickly. Starting with the big picture of financial statements first, Paul Kimmel shows students why financial accounting is important to their everyday lives, business majors, and future careers. This best-selling financial accounting text is known for the most relevant and easy to understand examples, while teaching students the accounting cycle through the lens of one consistent story of Sierra Corp, an outdoor adventure company.

The new eighth edition of Financial Accounting: Tools for Decision-Making, Canadian Edition by Kimmel, Weygandt, Kieso, Trenholm, Irvine and Burnley continues to provide the best tools for both instructors and students to succeed in their introductory financial accounting class. It helps students understand the purpose and use of financial accounting, whether they plan to become accountants or whether they simply need it for their personal life or career. The book's unique, balanced procedural and conceptual (user-oriented) approach, proven pedagogy and breadth of problem material has made Financial Accounting the most popular introductory text in Canada. This hands-on text, paired with a powerful online teaching and learning environment offers students a practical set of tools for use in making business decisions based on financial information.
