Writing biographies for children is an emotionally rewarding task, often for both the writer and the biographical subject. A child's biography can create special moments of remembrance together and a record of these memories when the child is older. Ask permission to write the biography, from the child and/or the parent.

An autobiography is defined as a book about a person's life
written by the person himself/herself. William Taylor first used
the term "autobiography" although deprecatingly. According
to him, autobiography was a hybrid word. A poet named
Robert Southey used the word autobiography, in its current
form, in 1809.

This incredible autobiography of Christiane F. provides a vivid portrait of teen friendship, drug abuse, and alienation in and around Berlin's notorious Zoo Station. Christiane's rapid descent into heroin abuse and prostitution is shocking, but the boredom, longing for acceptance, thrilling risks, and even her musical obsessions are familiar to everyone. Previously published in Germany and the US to critical acclaim, Zest's

This book is an autobiography of my life with my brother, Don from my early years growing up in Washington, D.C. as my mother Bernice Augusta along with my father for part of the period nurtured, sacrificed and cared for us with meager funds. . After separation from my father, my mother struggled even more and for several years twice sent us to Tulsa, Ok, where we were nurtured and given the utmost love, and learned to honor Jesus Christ by my maternal Grandmother, Minnie Mae Guess, who we affectionately called "Mama

Dear." Quintessentially my greatest fortune in my life was meeting and marrying Helen, who I met at Howard University. As I reflect back on our 52 years of marriage, she was the catalyst for any career success I had in the military and later in the U.S Government and for writing this book. She loved & adored her four children and a committed worshiper of Jesus Christ. However after her passing, I was again so fortunate to meet a gracious and lovely lady, named Rolando who has also accepted me with all of my imperfections and have made my life complete. Jack Adams

From Henry Mayhew's classic study of Victorian slums to Studs Terkel's presentations of ordinary people in modern America, oral history has been used to call attention to social

conditions. By analyzing the nature and circumstances of the production of such histories of delinquency, James Bennett argues that oral history is a rhetorical device, consciously chosen as such, and is to be understood in terms of its persuasive powers and aims. Bennett shows how oral or life histories of juvenile delinquents have been crucial in communicating the human traits of offenders within their social context, to attract interest in resources for programs to prevent delinquency. Although life history helped to establish the discipline of sociology, Bennett suggests concepts for understanding oral histories generated in many fields.

between literature and science, this book explores issues such as childhood fears, imaginary lands, sexuality, and the relation of the child to animal life

Originally published in 1960. Is there an art of autobiography? What are its origins and how has it come to acquire the form we know today? For what does the autobiographer seek, and why should it be so popular? This study suggests some of the answers to these questions. It takes the view that autobiography is one of the dominant and characteristic forms of literary self-expression and deserves examination for its own sake. This book outlines a definition of the form and traces its historical origins and development, analyses its "truth" and talks about what sort of self-knowledge it

investigates.

The purpose of this collection is to bring together representative examples of the most recent work that is taking an understanding of children and childhood in new directions. The two key overarching themes are diversity: social, economic, geographical, and cultural; and agency: the need to see children in industrial England as participants - even protagonists - in the process of historical change, not simply as passive recipients or victims. Contributors address such crucial subjects as the varied experience of work; poverty and apprenticeship; institutional care; the political voice of children; child sexual abuse; and children and education. This volume, therefore, includes some of the best,
