Gadamer's works. Hermeneutics becomes the philosophy that undermines the scientific parameters of modernity and it looks for an extra-metodica way that leads up to truth through the rediscovery of the cultural values of our European tradition that is art, taste and culture but above all, rhetoric, practical philosophy, and that particular form of judgment called phronesis, which expresses itself in the understanding of the other and in the dialogue. This sensitivity towards the values of tradition, which represents the authentic authority since it's the
