For me to learn a foreign language fast and easily is to have the heart to learn it. First, you should research. Google is just one click away. Search for trusted site and start to study it. You can also watch videos on youtube, just search what language you want to learn.

Meet the man who makes the mission of learning any language possible! The all-you-need guide to learning a language.

The Way of The Linguist, A language learning odyssey. It is now a cliché that the world is a smaller place. We think nothing of jumping on a plane to travel to another country or continent. The most exotic locations are now destinations for mass tourism. Small business people are dealing across frontiers and language barriers like never before. The Internet brings different languages and cultures to our finger-tips. English, the hybrid language of an island at the western extremity of Europe seems to have an unrivalled position as an international medium of communication. But historically periods of cultural and economic domination have never lasted forever. Do we not lose something by relying on the wide spread use of English rather than discovering other languages and cultures? As citizens of this shrunken world, would we not be better off if we were able to speak a few languages other than our own? The answer is obviously yes. Certainly Steve Kaufmann thinks so, and in his busy life as a diplomat and businessman he managed to learn to speak nine languages fluently and observe first hand some of the dominant cultures of Europe and Asia. Why do not more people do the same? In his book The Way of The Linguist, A language learning odyssey, Steve offers some answers. Steve feels anyone can learn a language if they want to. He points out some of the obstacles that hold people back. Drawing on his adventures in Europe and Asia, as a student and businessman, he describes the rewards that come from knowing languages. He relates his evolution as a language learner, abroad and back in his native Canada and explains the kind of attitude that will enable others to achieve second language fluency. Many people have taken on the challenge of language learning but have been frustrated by their lack of success. This book offers detailed advice on the kind of study practices that will achieve language breakthroughs. Steve has developed a language learning system available online at: www.thelinguist.com.

Do you want to learn French the fast, fun and easy way? And do you want to master daily conversations and speak like a native? Then this is the book for you. Crack the Code and Get Fluent Faster! 'I had to learn [a new language] in a handful of days for a TV interview. I asked Benny for help and his advice was invaluable.' - Tim Ferriss What if you could skip the years of study and jump right to speaking French? Sound crazy? No, it's language hacking. It's about learning what's indispensable, skipping what's not - and using what you've learned to have real conversations in French - from day one! Unlike most traditional language courses that try to teach you the rules of a language, Language Hacking French shows you how to learn and speak French immediately through proven memory techniques, unconventional shortcuts and conversation strategies perfect by one of the world's greatest language learners, Benny Lewis, aka the Irish Polyglot. The Method Language Hacking takes a modern approach to language learning, blending the power of online social collaboration and the 80/20 principle of learning (Benny's ten #languagehacks show you how to achieve more with less!). It focuses on the conversations and language that learners need to master right away, rather than presenting language in the order of difficulty like most courses. This means you can start having conversations immediately. Course Features Each of the 10 units culminates with a speaking mission that you can choose to share on the italki Language Hacking learner community (www.italki.com/languagehacking) where you can give and get feedback and extend your learning beyond the pages of the book. The audio for this course is available for free on library.teachyourself.com or from the Teach Yourself Library app. You don't need to go abroad to learn a language any more.

Whether you are: - a complete beginner - an intermediate-level student facing difficulties in your studies, - an advanced learner beginning to notice the signs of a plateau in your motivation This study guide has original, helpful techniques, hacks, and tips you can use to enrich your vocabulary and get you on track.

NATIONAL BESTSELLER • For anyone who wants to learn a foreign language, this is the method that will finally make the words stick. "A brilliant and thoroughly modern guide to learning new languages."—Gary Marcus, cognitive psychologist and author of the New York Times bestseller Guitar Zero At thirty years old, Gabriel Wyner speaks six languages fluently. He didn't learn them in school—who does? Rather, he learned them in the past few years, working on his own and practicing on the subway, using simple techniques and free online resources—and here he wants to show others what he's discovered. Starting with pronunciation, you'll learn how to rewire your ears and turn foreign sounds into familiar sounds. You'll retrain your tongue to produce those sounds accurately, using tricks from opera singers and actors. Next, you'll begin to tackle words, and connect sounds and spellings to imagery rather than translations, which will enable you to think in a foreign language. And with the help of sophisticated spaced-repetition techniques, you'll be able to memorize hundreds of words a month in minutes every day. This is brain hacking at its most exciting, taking what we know about neuroscience and linguistics and using it to create the most efficient and enjoyable way to learn a foreign language in the spare minutes of your day.

Each of us has the potential to learn French, read French books, and speak French fluently.How do some people become fluent faster than others? Is it a specific "language learning gene" that those people possess?
