Filipino national hero Jose Rizal wrote *The Social Cancer* in Berlin in 1887. Upon his return to his country, he was summoned to the palace by the Governor General because of the subversive ideas his book had inspired in the nation. Rizal wrote of his consequent persecution by the church: "My book made a lot of noise; everywhere, I am asked about it. They wanted to anathematize me ['to excommunicate me'] because of it ... I am considered a German spy, an agent of Bismarck, they say I am a Protestant, a freemason, a sorcerer, a damned soul and evil. It is whispered that I want to draw plans, that I have a foreign passport and that I wander through the streets by night ..."

An account of the history of the Spanish colony in the Philippines during the 16th century. Antonio de Morga was an official of the colonial bureaucracy in Manila and could consequently draw upon much material that would otherwise have been inaccessible. His book, published in 1609, ranges more widely than its title suggests since the Spanish were also active in China, Japan, Southeast Asia, Taiwan, the Moluccas, Marianas and other Pacific islands. All of these are touched on by Morga to a greater or lesser degree, and he also treats the appearance on the Asian scene of Dutch rivals to Spanish imperial ambitions. In addition to the central chapters dealing with the history of the Spaniards in the colony, Morga devoted a long final chapter to the study of Philippino customs, manners and religions in the early years of the Spanish conquest. From the first edition, Mexico, 1609. A new edition of First Series 39.

By the time of 1906, the book of "Who created the Florante," by Mr. Hermenegildo Cruz, the book "Out Of The Florante" , is said to have some 106,000 translations of "Florante and Laura" others; and since then it has been so many years ago, and during that time-especially when it was time for the development of the Tagalog Literature and the adventure of emotion and the love that made us more love unparalleled that Makati Francisco Baltazar-is undoubtedly the precise figure of 106,000 not too small and no more than a thousand more.

hundred years ago in a small town near Manila, educated partly in the Philippines and partly in Europe, Rizal inspired the Filipinos by his writing and example to make the first nationalist revolution in Asia in 1896. Today the Philippines revere Rizal as their national hero, and they regard his two books, *The Lost Eden* (*Noli Me Tangere*) and *The Subversive* (*El Filibusterismo*) as the gospel of their nationalism. *The Subversive*, first published in 1891, is strikingly timely today. New nations emerging in Africa and Asia are once again in conflict with their former colonial masters, as were the Filipinos with their Spanish rulers in Rizal's day. *The Subversive* poses questions about colonialism which are still being asked today: does a "civilizing mission" justify subjection of a people? Should a colony aim at assimilation or independence? If independence, should it be by peaceful evolution or force of arms? Despite the seriousness of its theme, however, *The Subversive* is more than a political novel. It is a romantic, witty, satirical portrait of Spanish colonial rule in the Philippines at the end of the nineteenth century, written in the tradition of the great adventure romances. The translation by Leon Ma. Guerrero, Philippine ambassador to the Court of St. James, conveys the immediacy of the original, and makes this important work available to a new generation of readers. His translation of *The Lost Eden* is also available in the Norton Library.
