CP-18,CP-180 The new model control box SC-921 and SC-922 have been newly developed. The control boxes are resistant to voltage fluctuations, noise and vibration. The new model control boxes are provided with an energy-saving mode for the first time in a control box for sewing machines. Power consumption during standby period is further reduced.

The machine therefore demonstrates a broader range of applicability, from general fabric to extra heavy-weight materials. Operation panels Two different operation panels, the CP-18 and CP-180 are applicable to the SC-921,922/M51N. Select the operation panel to be used, either the CP-18 or the CP-180.
