Casas (1866–1932); the Chicago industrialist Charles Deering (1852–1927), who was a collector and admirer of Casas' s work as well as a patron of Northwestern University; and the Spanish artist Miguel Utrillo (1862–1934), Casas' s lifelong friend and the father of the French painter Maurice Utrillo. Casas introduced Deering to Sitges, a beach town near Barcelona, Spain, where the latter created a palatial estate with a museum to house his art collection. Miguel Utrillo served as director of the museum. The text explores the treasures housed at Maricel and what happened among the three men that led Casas to abandon Utrillo and Deering to depart Spain, taking his art collection with him.

The long tradition of Kierkegaard
studies has made it impossible for
individual scholars to have a complete
overview of the vast field of
Kierkegaard research. The large and
ever increasing number of
publications on Kierkegaard in the
languages of the world can be simply
bewildering even for experienced
scholars. The present work constitutes
a systematic bibliography which aims
to help students and researchers
navigate the seemingly endless mass
of publications. The volume is divided

into two large sections. Part I, which covers Tomes I-V, is dedicated to individual bibliographies organized according to specific language. This includes extensive bibliographies of works on Kierkegaard in some 41 different languages. Part II, which covers Tomes VI-VII, is dedicated to shorter, individual bibliographies organized according to specific figures who are in some way relevant for Kierkegaard. The goal has been to create the most exhaustive bibliography of Kierkegaard literature possible, and thus the bibliography is not limited to any specific time period but instead spans the entire history of Kierkegaard studies.
