Mozart 225 – The New Complete Edition presented by Decca Classics and Deutsche Grammophon in partnership with the Salzburg Mozarteum Foundation. The most authoritative, complete and scholarly box set ever devoted to the work of a single composer.

Hermann Abert's classic biography, first published in German more than eighty years ago and itself based on the definitive mid-nineteenth century study by Otto Jahn, remains the most informed and substantial biography of Mozart in any language. The book is both the fullest account of the composer's life and a deeply skilled analysis of his music. Proceeding chronologically from 1756 to 1791, the book interrogates every aspect of Mozart's life, influences, and experience; his personality; his religious and secular dimensions; and the social context of the time. In "a book within a book," Abert also provides close scrutiny of the music, including the operas, orchestral work, symphonies and piano concertos, church music and cantatas, and compositions for solo instruments. While the tone of Abert's great work is expertly rendered by Stewart Spencer, developments in Mozart scholarship since the last German edition are signaled by the Mozart scholar, Cliff Eisen, in careful annotations on every page. Supported by a host of leading Mozart scholars, this immense undertaking at last permits English-language readers access to the most important single source on the life of this great composer.

Think you know Mozart? Think again. Wolfgang Amadeus Mozart, child genius, revered composer, bringer of joy and comfort to countless generations of music lovers? Well, yes - and no. Exploring and unpicking the many legends about the much-loved and brilliant composer, John Suchet reveals a richer, more in-depth portrait of Mozart: blessed with a happy disposition yet suffering from bouts of depression, successful from a young age yet often struggling financially as he struggled to make his way in the world under the shadow of his domineering father. Naturally mischievous and obsessed with toilet humour, this is not the divine like figure we have come to expect. This is Mozart the man, as you may never have seen him before. 'Rich with wit and warmth, this compact biography is thoroughly enchanting' Kirkus Reviews 'Splendidly written... this captivating story will make a wonderful addition to anyone's library and is a must read for music lovers' NY Journal of Books

Born in Austria in 1756, Wolfgang Amadeus Mozart composed his first piece of music, a minuet, when he was just five years old! Soon after, he was performing for kings and emperors. Although he died at the young age of thirty-five, Mozart left a legacy of more than 600 works. This fascinating biography charts the musician's extraordinary career and personal life while painting a vivid cultural history of eighteenth-century Europe. Black-and-white illustrations on every spread explore such topics as the history of opera and the evolution of musical instruments. There is also a timeline and a bibliography. Illustrated by Carrie Robbins. Cover illustration by Nancy Harrison.

(Piano Collection). Revised and edited by Richard Epstein with a biographical sketch of the composer by Philip Hale. All text is written both in English and Spanish.

Considered by many to be mentally retarded, a brilliant, impatient fifth-grader with cerebral palsy discovers a technological device that will allow her to speak for the first time.

A wide-ranging look at the interplay of opera and political ideas through the centuries The Politics of Opera takes readers on a fascinating journey into the entwined development of opera and politics, from the Renaissance through the turn of the nineteenth century. What political backdrops have shaped opera? How has opera conveyed the political ideas of its times? Delving into European history and thought and music by such greats as Monteverdi, Lully, Rameau, and Mozart, Mitchell Cohen reveals how politics—through story lines, symbols, harmonies, and musical motifs—has played an operatic role both robust and sotto voce.

This is an engrossing book that will interest all who love opera and are intrigued by politics.

No judgement of taste is innocent - we are all snobs. Pierre Bourdieu's Distinction brilliantly illuminates the social pretensions of the middle classes in the modern world, focusing on the tastes and preferences of the French bourgeoisie. First published in 1979, the book is at once a vast ethnography of contemporary France and a dissection of the bourgeois mind. In the course of everyday life we constantly choose between what we find aesthetically pleasing, and what we consider tacky, merely trendy, or ugly. Taste is not pure. Bourdieu demonstrates that our different aesth
