Tools of Titans. the tactics, routines, and habits of billionaires, icons, and world-class performers ... Flash forward to today - I couldn't be happier with how Tools of Titans has turned out. Just three notes before the sample chapter: - Even if you've heard every podcast episode, there is a ton of new content in this book.

"Fitness, money, and wisdom--here are the tools. Over the last two years ... Tim Ferriss has collected the routines and tools of world-class performers around the globe. Now, the distilled notebook of tips and tricks that helped him double his income, flexibility, happiness, and more is available as Tools of Titans"--Page 4 of cover.

" The latest groundbreaking tome from Tim Ferriss, the #1 New York Times best-selling author of The 4-Hour Workweek. From the author- oFor the last two years, I've interviewed nearly two hundred world-class performers for my podcast,The Tim Ferriss Show. The guests range from super celebs (Jamie Foxx, Arnold Schwarzenegger, etc.) and athletes (icons of powerlifting, gymnastics, surfing, etc.) to legendary Special Operations commanders and black-market biochemists. For most of my guests, it's the first time they've agreed to a two-to-three-hour interview, and the show is on the cusp of passing 100 million downloads. oThis book contains the distilled tools, tactics, and 'inside baseball' you won't find anywhere else. It also includes new tips from past guests, and life lessons from new 'guests' you haven't met. oWhat makes the show different is a relentless focus on actionable details. This is reflected in the questions. For example- What do these people do in the first sixty minutes of each morning? What do their workout routines look like, and why? What books have they gifted most to other people? What are the biggest wastes of time for novices in their field? What supplements do they take on a daily basis? oI don't view myself as an interviewer. I view myself as an experimenter. If I can't test something and replicate results in the messy reality of everyday life, I'm not interested. oEverything within these pages has been vetted, explored, and applied to my own life in some fashion. I've used dozens of the tactics and philosophies in high-stakes negotiations, high-risk environments, or large business dealings. The lessons have made me millions of dollars and saved me years of wasted effort and frustration. oI created this book, my ultimate notebook of high-leverage tools, for myself. It's changed my life, and I hope the same for you.o"
