When it comes to your retirement, it's easy to stick your head in the sand thinking you are too young, too busy and too cash-strapped to worry about the future. Or maybe you're discouraged by all the bad news about pensions? But as the nation's favourite money man explains, even the recession is no excuse to stop planning ahead. But where do you start? And who should you trust? In this step-by-step guide to pensions and building financial security, Alvin Hall separates the myths from the realities, and shows how a little planning and action today will empower you tomorrow. From the very first step of visualising your retirement, to creating a sound and flexible investment plan that allows you to make the most of your money - whatever your circumstances.

It's easy to blame the government, the economy, the weather, the job market, the housing market, or any other number of external factors for not building wealth. But the truth is that most people don't take the first step necessary to grow their savings and invest. They don't save 5% of their income, they don't start investing until the retirement age (and even then, not enough), and hence they never build enough to be secure throughout life. Most of us are also following outdated strategies that need some serious updating if we want to retire happy in our 40s, 50s or 60s. Right now is the time for some new thinking about how you can really build your wealth. This book will show you how to create a new savings and investing strategy that will not only set you up for a secure retirement, but for financial independence, too. The book will teach you: How to build a savings plan that will let you retire happy How to create an investment plan that will boost your wealth How to start investing today, regardless of where you are in life How to avoid the most common mistakes people make with their money In this book, you will also learn how to create a new future for yourself; a future where you will be truly financially secure. You can have everything you want out of life, but you MUST have a plan on how to get it! Let the Smart Retirement Plan guide you through your journey to a HAPPY and STRESS free retirement. If you want to take control of your finances now, start reading this book today!

"Want excellent insights on retirement planning from a professional who's actually experienced retirement himself? You'll get just that from Stan Hinden's book, *How to Retire Happy*, now in its third edition. Stan was a Washington Post financial reporter for 20 years, and after he retired, he wrote the Post's 'Retirement Journal' column for which he was nominated for a Pulitzer Prize. What I like about Stan's book is that it combines good financial planning information with his story about his own retirement. He's candid about the mistakes he made and how he'd do things differently with the benefit of hindsight." --Steve Vernon, columnist, CBSMoneyWatch.com "Everyone in the workforce today should read this book!" —Horace B. Deets, former Executive Director, AARP Award-winning Washington Post retirement columnist Stan Hinden's bestselling *How to Retire Happy* helps you decide if you can retire now, or whether you have to stay on the job for a few more years. "*Early Retirement Plan and Investment Ideas*" is not only a book about retirement -- it's an inspirational guide on how to enjoy life to its fullest. This book provides a holistic approach in explaining retirement readiness as it relates to adequate financial resources needed to fund your retirement needs. Today, people worry that they're going to run out of money in their older age as a result of health care needs or rising cost of living. This won't happen if you are able to maintain a diversified portfolio and squeezing higher payments from your assets, Social Security account, pension, home equity and savings to raise the amount you have to spend and stretch out your money over many more years. The key to creating an active and fulfilling retirement goes beyond having adequate financial resources; it also encompasses all other aspects of life - leisure activities, physical well-being, mental well-being and a host of other activities that keeps you active as you age. In this book, Patrick Hogan guides you to: - Quitting the rat race early - the earlier, the better- By putting money in the right perspective and knowing early likely expenses in retirement and how to meet them.- Turning your retirement savings into a steady paycheck that will last for life- Structuring your Retirement portfolios- Using spending rate to organize your portfolio-

How to maintain a diversified portfolio- Deciding What Asset to put in a retirement portfolio- Higher risk tolerance and long-term plan investments- Domestic and Foreign Equities to invest in - Bridging inadequacies in your portfolios- Health care concerns in retirement- Avoid mistakes people make with spending in retirement- Personal worksheet to gauge your retirement readiness.- In Choosing a good investment adviser- Above all, make your retirement years the best time of your life. In short, the retirement wisdom in this book will prove to be much more important than how much money you have saved. What are you waiting for? Scroll up and hit the buy button to start your retirement preparation earnestly. ABOUT THE AUTHOR Patrick Hogan is a senior retirement strategist and a Retirement Activist who has committed himself for years now to changing the way people think about Early Retirement and preparing them for every aspect of it. His nationally syndicated columns on Financial Advisor magazine reflect his challenge of the status quo of traditional retirement planning as against doing it much early in life and having enough resources to fund it. Patrick moved from a social worker and a certified personal trainer to a money manager and author. He discovered that retirement is among the most fascinating, yet least understood phase of life by many people planning to retire early. He was able to interview leading experts who took the bull by the horn and jettisoned traditional retirement preparation norms and are doing great in retirement. Patrick developed a powerful message to tackle the psychological, social, spiritual, and financial aspects of retirement. His objective is simple: to assist people to create a no-regrets early retirement plan.
