In language your students will understand and enjoy reading, Timothy Trull's CLINICAL PSYCHOLOGY offers a concrete and well-rounded

Download Free Psychology 8th Edition

introduction to clinical psychology. A highly respected clinician and researcher, Dr. Trull examines the rigorous research training that clinicians receive, along with the empirically supported assessment methods and interventions that clinical psychologists must understand to be successful in the field. This new edition of Trull's bestselling text covers cutting-edge trends, as well as offers enhanced coverage of culture, gender and diversity, and contemporary issues of health care. Written to inspire students thinking of pursuing careers in the field of clinical psychology, this text is a complete introduction. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Peter Gray's evolutionary perspective and emphasis on critical thinking have made his rigorous yet accessible introduction to psychology a widely respected classroom favourite, edition after edition. Now thoroughly revised, with the help of co-author David Bjorklund, Psychology invites and stimulates students to investigate the big ideas in psychological science. Psychology can also be purchased with the breakthrough online resource, LaunchPad, which offers innovative media content, curated and organised for easy assignability. LaunchPad's intuitive interface presents quizzing, flashcards, animations and much more to make learning actively engaging.

For over 20 years, HEALTH PSYCHOLOGY: AN INTRODUCTION TO BEHAVIOR AND HEALTH has remained a leader in the field of health psychology for its scholarship, strong and current research base, and balanced coverage of the cognitive, behavioral, and biological approaches to health psychology. Accessible and appealing to a wide-range of readers, this classic book features a concise writing style, ample pedagogy, and numerous visuals to support your learning and understanding. The Eighth Edition is updated to reflect the latest developments in the field, and includes many new real-world examples selected for their interest and relevance. Available with InfoTrac Student Collections <http://goengage.com/infotrac>. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

This acclaimed classroom favorite makes the science of psychology (and through that, the process of science itself) come alive for students, with personal stories that exemplify important concepts in a student-friendly way, and with coverage of the field's scientific foundations and advances that is accessible without being oversimplified. The substantially updated new edition extends the book's focus on developing scientific literacy in the context of psychology, with new features in print and in the book's new online course space, LaunchPad. These features are the result of the book's most dramatic addition--Sandra Hockenbury's new writing partnership with co-author, Susan Nolan, who shares her belief that the introductory course can help all kinds of students develop a real understanding of psychology and lasting scientific literacy without sacrificing the field's research core. What's in the LaunchPad

Research made relevant through a storytelling approach. This renowned text maintains its acclaimed storytelling approach, teaching the science of psychology through an engaging narrative that makes research relevant to students. Drawing upon their extensive experience as researchers and teachers, Elliot Aronson, Tim Wilson, and Robin Akert present the classic research that has driven the field and introduce cutting-edge research that is the future of social psychology. Significantly updated to reflect advances in the discipline, the 8th edition provides a firm foundation for students to build their

understanding of this rigorous science in a way that engages and fascinates. A better teaching and learning experience This program will provide a better teaching and learning experience— for you and your students. Here's how: Personalize Learning — The new MyPsychLab delivers proven results in helping students succeed, provides engaging experiences that personalize learning, and comes from a trusted partner with educational expertise and a deep commitment to helping students and instructors achieve their goals. Improve Critical Thinking — The authors emphasize this rigorous science through research examples that encourage students to think twice about their preconceived notions of what social psychology is - and isn't. Engage Students — Through real-life vignettes, which open each story chapter, and “ mini-stories ” throughout each chapter, the eighth edition provokes student interest by focusing on real-life examples. Explore Research — The authors present a balance between the latest findings in the field with classic research in social psychology. Noting that some older studies deserve their status as classics and are important cornerstones to the discipline, this text encourages students to experience the continuity and depth of the field versus regarding it as a collection of studies published in the past few years. Support Instructors — This program provides instructors with unbeatable resources, including state-of-the-art PowerPoints embedded with videos, the NEW MyPsychLab with ABC's What Would You Do videos, an easy to use Instructor's Manual, a robust test bank, and an online test generator (MyTest). All of these materials may be packaged with the text upon request. Note: MyPsychLab does not come automatically packaged with this text. To purchase MyPsychLab, please visit www.mypsychlab.com or you can purchase a ValuePack of the text + MyPsychLab (at no additional cost). ValuePack ISBN-10: 020591201X / ValuePack ISBN-13: 9780205912018.
