Buy now to get the main key ideas from Zig Ziglar's Secrets of Closing the Sale Do you keep getting ever so close to making a sale, before the prospect declines? If so, it might benefit you to learn a secret or two about the sales profession. In Zig Ziglar's Secrets of Closing the Sale (1985, reissued 2004), you will learn several crucial tricks that will help you get to that close. Did you know that one of the main reasons salespeople don't get their close is because they never actually ask their prospects if they want to buy? Ziglar helps you avoid this, and several other common mistakes. To be successful, not only salespeople, but doctors, homemakers, preachers, parents, teachers, and everyone else must "sell" their ideas and abilities. This book from a top sales expert focuses on the most important portion of the sale: getting them to say "Yes, I will!"

Here in a short, compact and concise format is the basics of how to persuade more people more effectively, more ethically, and more often. Ziglar draws from his fundamental selling experiences and shows that while the fundamentals of selling may remain constant, sales people must continue learning, living, and looking: learning from the past without living there; living in the present by seizing each vital moment of every single day; and looking to the future with hope, optimism, and education. His tips will not only keep your clients happy and add to your income, but will also teach you ideas and principles that will, most importantly, add to the quality of your life.
