control of her life ” .

Silent Child (Silent Child, #1) by Sarah A. Denzil

Silent Child is one of those novels that I wanted to love but sadly, I didn ' t – it wasn ' t all bad, there were some things I loved about this novel and thought worked really well, however, they were outweighed by the things that didn ' t work quite so well.

The Silent Child - Movies on Google Play

Silent Child is a dark and at times, uncomfortable, yet compelling read. I loved the build up of tension and all the second guessing at who it was. The author managed to keep me totally hood winked and whilst I had guessed some things partly right, I was well off the mark on the rest. A must read for fans of a chilling psychological thriller.

In the summer of 2006, Emma

Online Library Silent Child

Price watched helplessly as her six-year-old son's red coat was fished out of the River Ouse. It was the tragic story of the year - a little boy, Aiden, wandered away from school during a terrible flood, fell into the river, and drowned. His body was never recovered. Ten years later, Emma has finally rediscovered the joy in life. She's married, pregnant, and in control again..... until Aiden returns. Too traumatized to speak, he raises endless questions and answers none. Only his body tells the story of his decade-long disappearance. The historic broken bones and injuries cast a mere glimpse into the horrors Aiden has experienced. Aiden never drowned. Aiden was taken. As Emma attempts to reconnect with

Online Library Silent Child

her now teenage son, she must unmask the monster who took him away from her. But who, in their tiny village, could be capable of such a crime? It's Aiden who has the answers, but he cannot tell her the unspeakable.

The Silent Child: Communication without Words describes a way of understanding and communicating with children who are not speaking, but rather using their bodies and somatic symptoms to express states of mind. The author has worked for 45 years trying to find ways of helping these children, varying in age and symptoms. Using infant observation methods of

Online Library Silent Child

understanding primitive states of mind expressed through gestures of eyes, hands, body posture, she has worked in in-patient or out-patient settings with contributors: a group of psychiatrists, psychologists, family and child psychotherapists, physiotherapists, nurses, therapeutic care workers, teachers, parents' groups and work discussion seminar members in out-patient and in-patient settings. In their chapters, the professionals and a parent show how they use their observation, empathy and countertransference experiences to promote understanding in the silent child and his/her parents and siblings. This book is particularly important for mental health professionals, teachers and

Online Library Silent Child

parents who are encountering 'a child communicating without words'.

The streets are no place for a child ... After a traumatic event that almost ripped Jen Garner 's family apart, life is finally starting to get back to normal. Then a woman 's body is found in the river. Shortly afterwards, a young boy is discovered wandering the streets. He refuses to speak to anyone, just repeats one name over and over, to the confusion of most of the local authorities – but Jen knows exactly who he 's asking for, and it 's enough to make her blood run cold ...

This book arose out of the need to work with emotionally regressed

Online Library Silent Child

non-talking children who entered hospital in full retreat from the external world. It helps parents and professionals compassionately comprehend the child's difficulties in depending on someone to receive communication.

Emma, Aiden and Gina stand on the brink of a new life. After the trauma of Aiden's abduction and return, they are slowly healing and returning to a fragile normality. Emma is desperate to protect her children, but the world is fascinated by Aiden, the silent child who is finally learning to speak for himself. Against her better judgment, Emma allows her son to attend a talk show. Her worse nightmare comes true when her daughter, Gina, is snatched

Online Library Silent Child

from the studio and a chilling game begins. Emma is convinced the answers lie in the darkest corners of the family's past, and that Aiden must be able to work out the puzzle, if only he dare reach into the horrors of his memory. But as the mystery deepens and Gina is still missing, the family must face a terrible question: is history repeating itself, or is there a new enemy to contend with? Layered with emotion, and told from Aiden and Emma's perspectives, the sequel to Silent Child is a dark and thrilling listen.

Unlike people with carefree previous lives, I packed away my past. There are some memories labelled 'Look at', and others 'Leave well alone'... Emily Smith

Online Library Silent Child

was held in a prison of fear for ten years. When she was four, her father left and a new man was brought into her life. He loved her, he kept telling her so, but the emotional and physical abuse she suffered at his hands were a daily nightmare. Until one day, after he crept into her bedroom, her life became unbearable. Emily found she was different in another way as her autism became more noticeable and punishments for her 'abnormal' behaviour more severe. Astonishingly, she managed to escape her home of hell, where she was abused right in front of her mother. Emily determinedly gained a university place and emerged triumphant with a new life and family in Ireland, desperate to treat her daughter, so

Online Library Silent Child

similar to her, to a different life. Heartbreakingly true, Silent Child is a testament to Emily's strength as she sheds light on rampant abuse still happening today. Powerful and shocking, sharing her story means she finally has a voice to say: enough.

A psychoanalyst and linguist recounts an intriguing series of cases where children who cannot or will not speak are brought back into the world of communication.
