Peña! When you think of Stephen Curry, one word comes to mind: greatness. From shooting three-pointers with laser precision to his clutch ability to hit buzzer-beaters time and again, he has established himself as one of the best players in pro basketball. But greatness was never a guarantee for Steph. The son of a talented NBA player, he dreamed of one day playing professionally just like his dad. Yet Steph, who was always smaller and weaker than the competition, was told over and over that he would never be talented enough to be a college star or NBA player--let alone the MVP of the entire league. Through tenacity and hard work, he proved them all wrong and went on to dismantle the record books. With the high energy of a TV commentator, and featuring dynamic comic-style illustrations, this engaging biography tells the story of an NBA All-Star and the path he took to achieve his dreams. \* "Wetzel knows how to organize

the NBA The MVP 2015 NBA Playoffs The 2015 Offseason 2015-2016 Season - Being the Best The Arrival of KD, Return to the Top of the Mountain Steph Curry's Personal Life Impact on Basketball and Beyond Steph Curry's Legacy An excerpt from the book: We were all taught that children inherit the genes of their parents. Their physical appearance and sometimes even their disease history become part of who we are. Most of the time, we also copy their attitudes and mannerisms. In the case of Wardell Stephen "Steph" Curry, one cannot help but wonder if he also inherited the shooting touch of his father, Dell Curry. An NBA pundit said that great shooters are not made, they are born. The same can be said about Stephen Curry, to some degree. His father, Dell Curry, was always a great shooter. Dell tallied a total of 1,245 three-pointers in an NBA career that spanned a decade and a half. Steph obviously got a lot

of his shooting abilities from the genetics that his father passed on to him. However, the younger Curry is not all genetics. He has taken what his father gave him and raised it to a whole new level because of his insane work ethic. In a sense, Steph is a shooter who was born to be made.
