A thoroughly revised and updated edition of Thomas C. Foster's classic guide—a lively and entertaining introduction to literature and literary basics, including symbols, themes, and contexts—that shows you how to make your everyday reading experience more rewarding and enjoyable. While many books can be enjoyed for their basic stories, there are often deeper literary meanings interwoven in these texts. *How to Read Literature Like a Professor* helps us to discover

those hidden truths by looking at literature with the eyes—and the literary codes—of the ultimate professional reader: the college professor. What does it mean when a literary hero travels along a dusty road? When he hands a drink to his companion? When he's drenched in a sudden rain shower? Ranging from major themes to literary models, narrative devices, and form, Thomas C. Foster provides us with a broad overview of literature—a world where a road leads to a quest, a shared meal may signify a communion, and rain, whether cleansing or destructive, is never just a shower—and shows us how to make our reading experience more enriching, satisfying, and fun. This revised edition includes new chapters, a new preface, and a new epilogue, and incorporates updated teaching points that Foster has developed over the past decade.

Law students rarely have experience answering problem questions before university, and lecturers concentrate on teaching content rather than the exam skills needed. This book bridges the gap on how to transpose knowledge and research into structured and coherent answers to problem questions while earning a law degree. Aimed at undergraduates, international students, and foundation and SQE candidates, the book gives a step-by-step study guide on how to navigate what a problem question is asking you to do. It deconstructs the process using examples from a range of different fields of law, providing essential guidance from research and critical thinking to style and tone. Including a range of examples to test yourself against, this is an indispensable resource for any law student who wants to tackle problem questions with confidence.

An unforgettably powerful new novel of the indelible bond between two siblings, the house of their childhood, and a past that will not let them go - from the Number One New York Times bestselling author of Commonwealth and Bel Canto 'The book of the autumn. The American author of Commonwealth (brilliant) and Bel Canto (even better) releases perhaps her finest novel yet' - Sunday Times 'The buzz around The Dutch House is totally justified. Her best yet, which is saying something' - John Boyne "Do you think it's possible to ever see the past as it actually was?' I asked my sister. We were sitting in her car, parked in front of the Dutch House in the broad daylight of early summer." Danny Conroy grows up in the Dutch House, a lavish mansion. Though his father is distant and his mother is absent, Danny has his beloved sister Maeve: Maeve, with her wall of black hair, her wit, her brilliance. Life is coherent, played out under the watchful eyes

of the house's former owners in the frames of their oil paintings. Then one day their father brings Andrea home. Though they cannot know it, her arrival to the Dutch House sows the seed of the defining loss of Danny and Maeve's lives. The siblings are drawn back time and again to the place they can never enter, knocking in vain on the locked door of the past. For behind the mystery of their own exile is that of their mother's: an absence more powerful than any presence they have known. Told with Ann Patchett's inimitable blend of humour, rage and heartbreak, *The Dutch House* is a dark fairy tale and story of a paradise lost; of the powerful bonds of place and time that magnetize and repel us for our whole lives.

Oprah Winfrey and renowned brain development and trauma expert, Dr Bruce Perry, discuss the impact of trauma and adverse experiences and how healing must begin with a shift to asking 'What happened to you?' rather than 'What ' s wrong with you?'. Through wide-ranging and often deeply personal conversation, Oprah Winfrey and Dr Perry explore how what happens to us in early childhood – both good and bad - influences the people we become. They challenge us to shift from focusing on 'What ' s wrong with you?' or 'Why are you behaving that way?' to asking 'What happened to you?'. This simple change in perspective can open up a new and hopeful understanding for millions about why we do the things we do, why we are the way we are, providing a road map for repairing relationships, overcoming what
