Discover the worldwide phenomenon of ThetaHealing® and how it can help you to achieve transformational healing in this revised and updated edition of Vianna Stibal's definitive guide. In 1995, Vianna Stibal was diagnosed with a serious health condition. When conventional and alternative medicine failed her, she discovered a simple technique that cured her illness and sparked a worldwide phenomenon. ThetaHealing® is essentially applied quantum physics. Using a theta brain wave, which until now was believed to be accessible only in deep sleep or yogi-level meditation, the practitioner is able to connect with the energy of All That Is - the energy in everything - to identify issues with and witness healings on the physical body, and to identify and change limiting beliefs. In this revised and updated edition, you will discover: - the belief and feeling work that can instantly change the thinking within you that creates illness - the 7 Planes of Existence, a concept that allows you to connect to the highest level of love and energy of All That Is - how to develop the ability to change on all levels: physically, mentally, emotionally and spiritually, using the Creator of All That Is.

Extraterrestrial contact is happening now. We may not remember it clearly. We may think it is only a dream. We may ignore the signs of contact because we do not understand them. And most of all, we may simply be too frightened to fully acknowledge its presence. The contact experience is intricately tied to the nature of human consciousness. When we as a species evolve, so will the nature of our contact experiences. Part 1 was first published in 1994. This new edition includes part 2, and is a groundbreaking book with all new information that explores Lyssa's contact research around the world from 1994 to present day. It is a combination of narrative, channeled material from renown channel Lyssa Royal, and personal accounts from teams of contact pioneers -- those who research ET contact in real time and reach out to initiate contact through their work with specially trained contact teams. An inside look at the ET contact experience is given, including what the human consciousness experiences during contact and how our perceptions of reality change as we meet with beings from other worlds. The authors present a breathtaking look at the contact phenomenon and its connection to the evolution of the human species.
